Premiere Oncology Foundation  
2020 Santa Monica Blvd., Suite 600,  
Santa Monica, CA 90404.

**DEEDEE JUST, MA, LMFT** is a Licensed Marriage & Family Therapist with extensive experience as a psychotherapist and group facilitator. She is especially adept at helping people through crises and life transitions, such as grief and loss and life threatening, life changing, and life interrupting illnesses. Her training in Tai Chi, both as a practitioner and teacher, has given her a better understanding of the connection between mind, body and spirit. DeeDee is also trained as a clinical hypnotherapist, and uses this as an adjunct to psychotherapy and to help her clients with pain management. Her easy manner, comfortable style, completely non-judgmental attitude, and incredible capacity to listen and truly hear are coupled with a direct, honest and intelligent sensitivity. She is currently an onsite therapist for Pacific Oncology and Hematology in Escondido and Vista, and has a private practice serving Inland North San Diego County.
